

## A guide to what you need to know about Vintage Racing

Compiled by  
E. Paul Dickinson

VMC commissioned E. Paul Dickinson to author this 60 page textbook about the basics of automobile racing. For ten years, E. Paul was the owner/chief instructor of a 40 acre SCCA Approved driver training center that also provided accredited law enforcement driver training programs. E. Paul is a Six Time SCCA National Solo Champion, past member of Porsche's Endurance Racing Team and also holds FIA, Grand-Am, ALMS, Historic and SCCA Professional Competition Licenses, is Chief Instructor for Historic SportsCar Racing (HSR), and conducts The Vintage Motorsports

Council's Instructor Certification Program. E. Paul has applied knowledge in high-performance driving instruction to practical situations for more than thirty years.

The ***Ace Factor*** is widely used by member organizations in their racing school curriculums. In addition to an excellent text book on the basics of racing (terminology, technique, etc.) it provides an overview of the vintage driving ethic.
